

## Sponsors

Do you believe in SiS? Are you a part of the LGBT community, a health care professional or a member of an organization? We are looking for sponsors who can lend their name to support SiS and help us ensure that this will become the new universally accepted standard of sexual identification. By sponsoring us your name and/or organization will be featured on the Sponsor page of our website, further promoting your cause as well as ours. Please contact us for more information.
